- Can be done during Friday School or before/after school and lunch is an option.

Registration and Scheduling

Scheduling for courses is open...What does that mean?

Step 1 - Students input their requests for courses. (incoming 9th already done)

Step 2 - Once we have all of the requests, we will run our “scheduling” program to place students in classes.

Step 3 - We look at course conflicts/problem areas/make adjustments.

GOAL: Have student schedules ready to view by the last week of school

*****CHANGES WILL HAPPEN***** (staff changes/class sizes/etc.)

What about Online Courses?

SVHS offers a **limited number** of online courses. (We are not an online school :-)

- Students are usually limited to 1 online course/trimester unless special arrangements are made with Administration.
- Students cannot pre-register for online classes. They should pick classes as though they will be “in-person” full-time.
- Students will need to apply to take online courses - applications will be available in the Counseling Office
- Applications will be reviewed and/or approved before the start of the fall semester.
- 9th grade students will not generally be allowed to take online courses **until the successful completion of their 1st Trimester** coursework. This gives them time to adjust to high school, and show that they will likely be successful in an online course.
