Choose to be Kind

MR. HADERLIE

As we have passed the middle of the school year, we would like to re-emphasize how important kindness is. On the front page of our handbook and website is the following quote: ***No Act of Kindness, no matter how small, is ever wasted. — Aesop.*** It is so important to the happiness and wellbeing of all our students and staff to have this as our goal, ambition, target, intention, and the design of what we do every day. We would ask parents to please share with your kids how important this is. There is plenty of research that shows a successful and happy person is based on quality relationships that are built on kindness.
